MEMORANDUM FOR: Director, Intelligence Community Staff
Executive Director, Central Intelligence Agency

FROM: Director of Central Intelligence

SUBJECT: Intelligence Committees, Panels, Boards and Groups

1. As you know, I recently called for a listing of all intelligence committees, both within the Community and "in-house."

2. Please have the chairmen of these committees prepare, for my attention, a response of three paragraphs, each addressing:

-- What the committee has done and where its current focus lies.

-- How well the committee's work is going.

-- How the committee's contribution might be enhanced.

3. I'd allow a week after receipt of the request to respond.

William J. Casey

The DCI has asked you and [redacted] to gather data on intelligence committees. 25X1

He did this after reviewing the list of committees put together for [redacted] 25X1

He has now limited this initial cut to "substantive" committees and asked for an example of their work.

Here are 5 memos assigning action. With [redacted] I have limited the number of committees substantially over what was originally submitted to us and over the still further edited list we gave the DCI. 25X1

This project could be useful if handled right.... CIPC and other committees are duplicative. However, a charge from the DCI to you and [redacted] to review committee system and make recommendations for changes would seem to be more productive and efficient for the DCI's time. I understand he became concerned when Air Force program manager said he is spending more time at committees than in [redacted] 25X1

Note to the Reader

This reference aid updates the IPC document (IPC 82-10001) entitled *Intelligence Community Interface: A Compendium of Interagency Coordinating Mechanisms,* published in August 1982, and is intended as a replacement for it. The aid incorporates changes and additions recommended by Community elements that update the listings of Community participants; identify new Community working groups; provide a more detailed breakout of some DCI Production Committees; and supplement the previous list of interagency coordinating mechanisms by adding the names and functions of consultative groups advising the DCI on matters relating to intelligence collection, exploitation, and production. A few mechanisms listed in the previous edition of this document were deleted since they no longer exist.

The Intelligence Producers Council (IPC) Staff appreciates the contribution made by Community elements in the preparation of this document and hopes that they will continue to keep it up to date. For purposes of updating the document, we request that recipients notify 25X1 of the IPC Staff as they note needed changes to the listings of interagency mechanisms.

If recipients of this document would like more information (for example, names of individual participants, schedule of meetings, and so on) on the mechanisms listed in this document, they are welcome to call the IPC Staff. For information on DIA participation in the interagency mechanisms, recipients are encouraged to call Ms. 25X1 (Defense Intelligence Agency, Vice Director for Foreign Intelligence, VP Management Office, Special Actions Division) on 25X1 Information on DCI Production and Collection Committees as well as DCI advisory groups may be obtained from the respective Executive Secretaries and/or staff whose locations and telephone numbers are listed below:
